FOR IMMEDIATE RELEASE

American Cruise Lines Adds More 2011 Fall Foliage Cruises

Repeatedly sold out seasons call for adjustment to this year's fall schedule with added itinerary dates

GUILFORD, CT – July 20, 2011 – American Cruise Lines (www.americancruiselines.com), the leader in small ship cruising, announced today that in response to customer demand, it will be adding additional dates to its fall foliage cruises along the Hudson River. An additional move made by the line to accommodate the popularity of these cruises is the announcement of special fall foliage cruises on the Chesapeake Bay.

Seven-night cruises with departures throughout October from either New York City or Providence, RI showcase the bright changing colors and towering mountains of the Hudson River Valley – making for a breathtaking fall foliage display. Passengers can also expect to discover the history and culture of the Hudson River Valley with expertly planned shore excursions, including the U.S. Military Academy at West Point and Kykuit, the palatial home of the Rockefellers.

An equally impressive fall voyage is that of American Cruise Lines' Chesapeake Bay fall foliage itinerary. Also featuring a backdrop of unmistakably beautiful fall season scenery, this itinerary boasts both views and history in the charming ports and towns of the Chesapeake Bay area.

“The continued popularity of our fall foliage cruises comes as no surprise,” said Timothy Beebe, Vice President, American Cruise Lines. “We are showcasing one of the most beautiful and anticipated seasons on the East Coast in two magnificent American regions. We look forward to seeing the familiar faces of past passengers and welcoming those who are new with us this fall season.”

About American Cruise Lines

American Cruise Lines operates the newest fleet of small ships in the industry and offers more than 30 unique itineraries along the inland waterways and rivers of the Pacific Northwest, Alaska, the Mississippi River System and East Coast of the United States, from New England to Florida.
